- 10.4 Where usage records are provided by the wholesale supplier to Central Coast Internet outside the relevant billing period, Central Coast Internet will incorporate these and associated charges on a subsequent or later invoice. This is called back billing. Central Coast Internet will not backbill for usage that has occurred 160 days or more previously, if Central Coast Internet has not already advised the Customer of the charges.

10.11 Unless otherwise indicated, the fees and charges set out in the Agreement include any amount on account of tax. Where the fees and charges do not include an amount on account of tax and tax is payable by Central Coast Internet in relation to, or on any supply under or in connection with the Agreement, Central Coast Internet will increase the tax exclusive fees and charges by an additional amount on account of the tax.
